

# Sand Dive 2009 King and Queen of the Beach

---

- All athletes entering in ANY Sand Dive event have a chance to earn individual points which they can accumulate towards the King and Queen of the Beach Grand Prize.

- King and Queen of the Beach are the top male and female Sand Dive athletes who accumulate the most individual points by playing in the most Sand Dive events possible. There will be one King and one Queen for 19+, and one King and one Queen for 18 and under (which will include 16U as well.)

## **Prizes:**

King and Queen of the Beach (19+) = Each get **\$250.00**

King and Queen of the Beach (18u) = Each get an **Apple 8GB IPOD Nano**(Value \$250.00)

- Each athlete can accumulate individual points during each match played at ANY Sand Dive event.

Ex. If Susan plays in the 18U division in Western and her scores for each match were:

21-15 , 16-21, 21-5, 21-18 she would have a total of 79 points for herself. She then played in the co-ed division and these were her scores: 21-20, 21-18, 21-10, 7-21, her total would be 70.

Susan's overall Queen of the Beach score after Western Sand Dive would be 149.

She would then carry this points total over the Central Sand Dive and add her points from there onto that total, etc, etc. for all divisions/tournaments.

- The King and Queen of the Beach points will be updated after each Sand Dive tournament and the top three male and female per age division will be posted on our website.

- The more tournaments and divisions you play in, the more chance you have to become NLVA Sand Dive King or Queen of the Beach 2009.

Remember, every point counts!
